

COMMUNIQUÉ

**ITSSP EXECUTIVE RETREAT HELD ON
TUESDAY 19TH - WEDNESDAY 20TH, NOVEMBER 2019
AT OSTRAL HOTEL ALAUSA IKEJA CBD (CENTRAL BUSINESS DISTRICT) LAGOS.**

TOPIC: Cyber Security, Its Concept and Management.

ITSSP InfoTech security group of Nigeria Computer Society (NCS) retreat presentation by;

1. Mr Kashifu Inuwa Abdullahi, Director General, Nigeria Information Technology Development Agency (NITDA)
2. Mr Tope Aladenusi, Cyber Security consultant, Deloitte Nigeria.

Current trend and future dependency on internet driven business activities, financial and e-commerce services come with high threat of attack from countless unknown sources, threatening corporate finance and individual.

Building capacity to protect and understand the methodology and approaches used by attackers require a skilled training and development in several areas including ability to technically operate at the "[DARK WEB](#)" plus multilevel attack defensive tools.

Director General NITDA want cyber security professionals and organisations plan to retool for robust participation in the global cyber security market by developing cyber security products.

Call to collaboratively work with NITDA in data gathering to evaluate professional worth of our cyber security workforce and market share in service deliveries.

There should be development of cyber security tools along these lines;

- Network surveillance
- Monitoring management
- Endpoint protection
- AI and machine learning
- Cloud application and security analysis
- Email protection and analysis
- Threat intelligence
- Intrusion detection
- Content filtering etc.

All inclusive implementation of Computer Emergency Response Team (CERTNG) framework and primary cyber security plans including strategic IT security policies by MDAs and private sectors to be monitored from time to time by selected members through NITDA.

NITDA plan to extend invitation to ITSSP on Cyber security framework and other initiatives. This complimentary ITSSP needs for NITDA support in awareness and sensitization activities including infrastructural programmes on cyber forensics, judicial resolutions with special court, investigating police officers and prosecutors as part of capacity building.

SIGNED:

Adeoye Rogba FNCS
Executive Secretary

A.P.S Arogundade FNCS
President ITSSP
